NIGHTFALL

An All-New Dinosaur Horror Short Film from the Creators of “*The Hatchling*”

New York, NY — *When night falls, the hunt begins.* The creative team behind the viral short film *The Hatchling* is proud to announce **Nightfall**. This all-new dinosaur horror short film blends heart-pounding suspense with breathtaking visual effects, crafted with the passion and scale of a true cinematic experience.

Brought to life by a dedicated team of independent filmmakers, including **Anthony Feliciano**, **Chris Pugh**, **Amber Bellomio**, **Tim Cianfano**, and **Calyssa Lavery**, *Nightfall* pushes indie horror to terrifying new heights. With striking cinematography by **Harrison Kraft**, a haunting score by **Kurt Tomlinson**, and cutting-edge visual effects supervised by **Amber Bellomio**, the film immerses audiences in a battle against one of the most dangerous predators on the planet, where survival means more than just escaping the past.

The film stars **Trey Shields**, **Anthony Feliciano**, **Clementine Benstock**, and **Michael Cruz**, who bring to life a story of fear, resilience, and sacrifice in the shadow of prehistoric terror.

Nightfall will premiere October 2025 exclusively on @DigitalDuckOfficial’s YouTube channel.
